

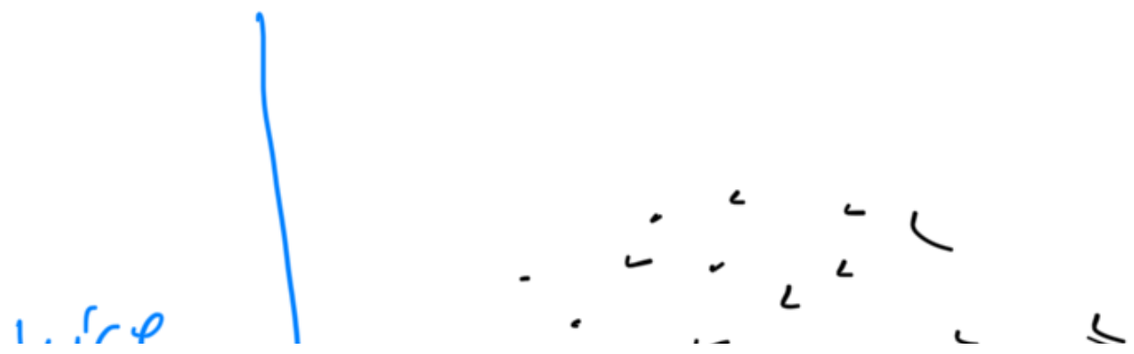
+ve correlation

$[0 - 1]$

-ve correlation



| What do you want to do? | Chart type | library |
|---|---|---|
| trend over time | line | |
| compare categories | bar | |
| relation b/w 2 numeric variables | scatter | |
| distribution of one numeric variable | histogram | |

numeric vs categorical

(statistics)

Interactive

boxplot.

plotly.

## Causation vs correlation

(numeric)

ice-cream sales.

high ~~fave~~ correlation.

| | ice cream | shark attack |
|---|---|---|
| Jan | | |
| Feb | | |
| Mar | | |
| Apr. | | |

shark attacks.
(numerics)

correlation
does not imply
causation
